ELIGIBILITY

In this page, just try to make 10 questions, regarding the related aspect for studying Cyber Security.

For example, like a questionnaire, there will be various option and then users will check the boxes and later with the submitted response, using logic, we will give a probable assumption whether they are fit for the program or not.

Questions can be like -

- Do you have a strong understanding of mathematical areas?
- Do you have any idea how network works?
- Which one you have passion for? networking / hardware / designing
